SENIOR TRAINING:

Senior Training commenced in early January and is held on Tuesday and Thursday nights at Barnier Park, beginning at 6pm and generally running for 90mins. The club currently fields three senior teams (Premier League, Premier Reserves and the "Panthers" who compete in the local 3rd division) and will be looking to re-establish a team in the Women's Divisions (training to be held Thursdays from 5:45pm starting on 2/2/17 – coach is Jo Powell). The club encourages our junior players to start training with seniors as early as possible as there is a significant variance in the speed, intensity and training application required to be competitive at a senior level. Attendance at senior training will provide exposure to these requirements, but will also improve the players' performance in their normal grade as they will be working at a higher level than what would be possible at junior training. It has also been commented that teams with players having senior football experience have performed significantly better in junior competitions as a result of the increased training/playing intensity.

Players turning 15 in the 2017 season are eligible to play senior football and we try to get them game time in teams based on their skill level and capacity to handle themselves. We encourage all players who are eligible, and those in teams with players who are eligible, to attend one or both of the senior training sessions to get some experience in that level of football. If you are interested, or have any queries, please attend one of the sessions and speak to our senior coaches, James Joyce and Greg Allen.
